

# HARRISONS

BY SPENCER PATRICK

To whom it may concern,

Harrisons restaurant, Taste Port Douglas and myself have been affiliated with PorkStars for the past 5 years. With myself being part of the PorkStar line up 2016. The relationship has been strong giving me the foresight to push Australian pork not only on my menus but to other chefs state-wide and nationally.

Taste Port Douglas now in its 5th year has had great support from PorkStars giving the event strong foundations. Introducing great and passionate pig farmers to the industry and the public via our festival has enabled us to help put them on the pedestal of which they deserve. This is of huge importance to me and I believe to Australian pork. Having celebrities such as Colin Fassnidge , Massimo Mele and the culinary elite of Australia showcase the best on behalf of PorkStars at Taste Port Douglas is also a huge benefit.

I believe Taste Port Douglas would not have grown as a destination food festival without the ongoing support of Kylie & Mitch. They are great friends and passionate champions of Australian Pork.
